Location Photography
"Christmas Morning" Loveland, Colorado

Service Photography:

Client:
Rocky Mountain Center for Reproductive Medicine PC

Most projects include a combination
of custom, stock and client provided photos.
Visit www.yellowbaron.com to learn more.

Product Photography:

Client:
Rocky Mountain Forest Products

Conceptualizing for home pages begins with listening closely to our clients needs. As we gain an understanding of their services, products, vision and industry we then present ideas for review. Professional solutions that meet or exceed expectations are arrived at through a natural evolution.

Original

Product & Special Effect Photography
Client: Miner Decadence Chocolates

Rustic Sketch of a Miner

Sepia / Color Tints

Special Effects:

Fulfilling unique requests sets our clients apart from the crowd. If there is a certain style you would like to achieve, please inquire.

Digital Effects:

Watercolor, oilpaint, craquelure, stained glass, pencil sketch and color tints add interest. Crosshatch is a technique that can create rendering-style appeal when applied to architectural images.

Photographic Services:
