To enter the Awards for Construction Excellence competition Premier Specialty Contractors needed a 30 x 40" display to depict their project. The scheduled arrival of Pope John Paul in Denver and the publicity surrounding the event coincided with this project.

The challenge for Yellow Baron Graphics was to create the competition entry from an large selection of photos, negatives and newspaper clippings. The solution needed to show not only the technical cleaning and restoration but the elegance of a job well done.

The rose window made of 13 pictures was Yellow Baron Graphics solution for Premier, the winner of the Gold Award for Construction Excellence (ACE).
